

Do you have students that need to make up High School credit(s) in order to stay on track for graduation? Branson School Online is offering a credit recovery program. Students from across the state of Colorado can enroll now for \$200.00 for the first class and \$100.00 for each additional class. Each class is either ½ credit or 1 full credit each and is aligned with Colorado State Standards. Although Government is listed as only a ½ credit, the cost will be the same as the district pays for each individual seat in the class (and not by credit). Courses are completed in an independent study format with a licensed teacher available to answer questions.

### Why Credit Recovery?

**Make up credits** -- If students have failed, withdrawn or received an "incomplete" in a class, they can enroll in a credit recovery class through Branson and get the credits they need. They can make up the class with the convenience of an online option working from home.

**Stay on track** -- Students do not need to lose ground with their high school education. Enrolling in a credit recovery program during the summer can ensure that they move toward their educational goals.
